Technical datasheet

Flame-retardant (FR)

ATEX approval

Flexam EM 8/2 065+065 black M1

no

no

Article code: SBFL514225

General information		
Product group	Synthetic Belts	
Industry segment	General industry: Roll-up doors & dock shelters	
Main product feature	Laterally stable	
Indication of use	Rollers, Flat	
Belt construction		
Tension layer		polyester, stable
Number of plies		2
Top side	material	Flexam, PVC
	finish	smooth, M1 Fine matt finish
	color	black
Bottom side	material	Flexam, PVC
	finish	matt, M2 Matt finish
	color	black
Characteristics		
Food Grade (FG)	no	
Antistatic (AS)	no	
High conductive (HC)	no	

Technical data ISO 868 77A Shore Hardness top side 45.68 lbs/in. Force at 1% elongation (static) ISO 21181 8 N/mm Thickness AB method KV.002 2.80 mm 0.11 in. total 0.65 mm 0.03 in. top cover Weight AB method KV.004 3.4 kg/m² 0.7 lbs/ft² **Operating temperature** continuous from / to -15/80 °C 5/176 °F -15 / 100 °C short from / to 5/212 °F **Minimum pulley diameter** flexing 80 mm 3.15 in. backflexing 80 mm 3.15 in. Manufacturing width standard 2000 mm 78.74 in. maximum 3000 mm 118.11 in.

Fabrication

Hot splicing is always preferable. Glueing can only be done when the belt is exposed to normal temperature and the humidity is not excessive. For the working method, consult the splice information and the equipment literature. Apply the recommended splice as indicated in the seperate information.

Additional information

This sheet contains typical values, which apply to a temperature of approx. 20 °C (68 °F), unless otherwise stated, individual data may differ. We recommend to keep the belt tension to a practical working minimum to maximize the service life of the belt and machine parts. Always protect belts from sunlight/UV-radiation, avoid temperatures below 10°C and above 40°C, dust and dirt. Store belts in a cool and dry place and if possible in their original packaging.

For details consult 'Storage and handling instructions' or contact our specialist.

Because of continuous development, the presented data is subject to alteration. This data replaces that included in previous publications. Ammeraal Beltech excludes any liability for the incorrect use of the above stated information.
